Social change and well-being

'Social' is not only at the heart of our name, it's part of our philosophy. We're proud to support our community with initiatives like Pride sponsorships, access to OpenUp for staff and guests and free event spaces for positive causes. Other initiatives include:

TSH Talent Foundation

A nonprofit that helps talent from diverse backgrounds overcome societal barriers limiting their opportunities.

Better Society Academy

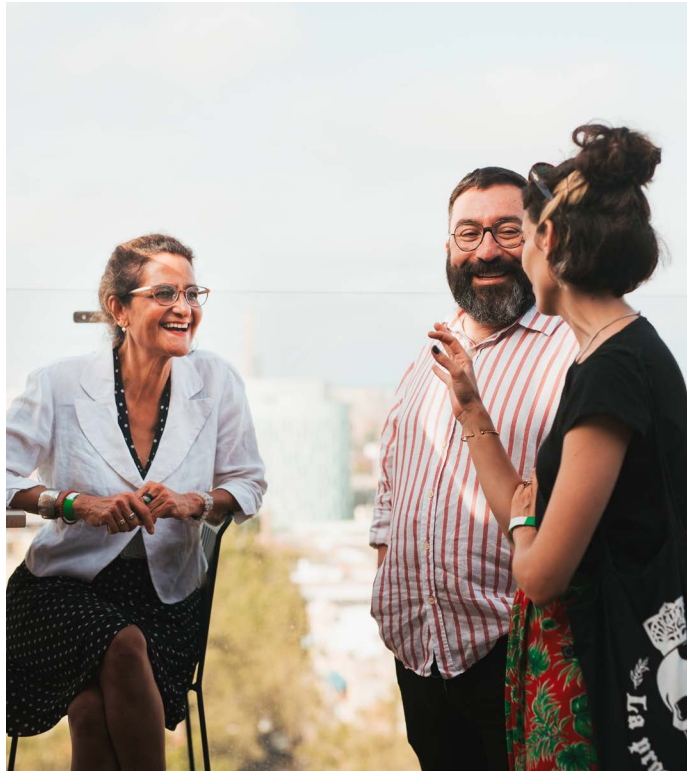

A learning platform that allows changemakers to master new skills, expand their network and amplify their causes.

Talent Garden Partnership

We've teamed up with Talent Garden to create tailor made courses for our community.

Movement on the Ground

Elevating our support of MOTG's humanitarian efforts with the launch of 'Movement Market', allowing our community to buy essentials for those in need.

Environmental impact

When it comes to environmental impact, we believe in leading by example while setting realistic, measurable sustainability goals. That's why we offer plant based 'meat' in our restaurants, reusable coffee cups in our cafes and partner with incredible companies like Too Good To Go, Moyee Coffee and WeForest. Other initiatives include:

BREEAM Certification

As a collective, we're committed to constantly improving our environmental impact, aiming for a "Very Good" rating across all our hubs.

The Good Roll

Partnering with The Good Roll to provide 100% tree-friendly toilet paper and tissues, while donating 50% of their profits to build clean toilets in Ghana.

Orbisk

Powered by AI, we're trialling Orbisk at five of our locations to reduce food waste by up to 50%.

Made Blue

For every plastic-free bottle guests purchase in our restaurant, we donate to Made Blue to help provide clean drinking water to those in need.

Leadership and oversight

As a collective, we regularly review policies, introduce frameworks and establish boards to ensure we're held accountable to our sustainability and impact goals. We do this via:

Governance

Sitting with the CEO, the governance team closely monitors our targets, impact and processes.

Diversity and Inclusion Board

Since 2020, our D&I Board has worked to foster a more forward thinking workplace and contribute to worthwhile causes.
