Food and Nutrition Service

Title: Waivers and State Plans (WiSP).
OMB Control Number: 0584–NEW.

Summary of Collection: This is a new information collection for the Waivers and State Plans (WiSP) application. WiSP will allow State agencies to request Program waivers and submit State Plans to the U.S. Department of Agriculture (USDA) Food and Nutrition Service (FNS), FNS staff to manage data provided within the application, and covers the gathering and maintenance of all supporting data from each State agency. The Waivers and State Plans (WiSP) application will support the following USDA programs and be available to all participating State agencies in each program: Special Supplemental Nutrition Program for Woman, Infants, and Children (WIC); Farmers Market Nutrition Program (FMNP); and Seniors Farmers Market Nutrition Program (SFMNP).

The purpose of (1) WIC is to provide supplemental foods, nutrition education, and health care referrals to low income, nutritionally at-risk pregnant, breastfeeding and postpartum women, infants, and children up to age five. The WIC program is authorized by the Child Nutrition Act (CNA) of 1966 (see Appendix A), as amended. WIC currently operates through a Federal/State partnership in which USDA FNS provides grants to State agencies in 50 U.S. States, 6 U.S. Territories, and 32 Indian Tribal Organizations (ITOs). The WIC program requirements are specified in Section 17 of the CNA and WIC regulations at 7 CFR part 246 (see Appendix B).

(2) FMNP is designed to provide fresh, unprepared, locally grown fruits and vegetables to WIC participants and

expand awareness, use of, and sales at farmers markets. FMNP currently operates through a Federal/State partnership in which FNS provides grants to State agencies in 39 U.S. States, 3 U.S. Territories, and 8 ITOs. FMNP requirements are specified in Section 17(m)(8) of the CNA and FMNP regulations at 7 CFR part 248 (see Appendix C) and WIC Farmer’s Market Nutrition Act of 1992 (see Appendix D).

(3) SFMNP is designed to provide low-income seniors with access to locally grown fruits, vegetables, honey, and herbs and support the development of new and additional farmers markets, roadside stands, and community supported agricultural programs. SFMNP currently operates through a Federal/State partnership in which FNS provides grants in 45 U.S. States, 3 U.S. Territories, and 8 ITOs. SFMNP requirements are specified in the Farm Security and Rural Investment Act of 2002, as amended, (see Appendix E) and SFMNP regulations at 7 CFR part 249 (see Appendix F).

Need and Use of the Information: State agencies are required to submit State plans annually per the guidelines of the respective programs, as an application or prerequisite to the receipt of federal funds from FNS.

Each program has one or more designated checklists that cover different program requirements. FMNP and SFMNP optionally allow for some programs to be combined into a single, consolidated State plan checklist. The new application will support each program’s individual checklists, and allowable, consolidated checklists.

Implementing Certain Tariff-Related Elements of the U.S.-EU Framework on an Agreement on Reciprocal, Fair, and Balanced Trade

AGENCY: International Trade Administration, U.S. Department of Commerce, and the Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: On August 21, 2025, the United States and the European Union announced agreement on a Framework on an Agreement on Reciprocal, Fair, and Balanced Trade (Framework Agreement). On September 5, 2025, President Trump issued Executive Order 14346, Modifying the Scope of Reciprocal Tariffs and Establishing Procedures for Implementing Trade and Security Agreements, finding that it is necessary and appropriate to implement the tariff modifications described in that Framework Agreement. Executive Order 14346 also directed and authorized the Secretary of Commerce and the United States Trade Representative to take the necessary and appropriate steps to implement any current or forthcoming trade and security framework agreements between a foreign trading partner and the United States. This notice amends the Harmonized Tariff Schedule of the United States to implement the elements of the Framework Agreement that adjust tariffs on certain articles that are products of the European Union, including automobiles and automobile parts subject to tariffs under Proclamation 10908, Adjusting Imports of Automobiles and Automobile Parts Into the United States, as amended, and unavailable natural resources (including cork), all aircraft and aircraft parts, and generic pharmaceuticals and their ingredients and chemical precursors.

DATES: This notice is effective September 25, 2025. The Harmonized Tariff Schedule of the United States modifications set out in the Annex II to this notice are effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern daylight time (i) on September 1, 2025, as to the modifications to the reciprocal tariffs and to other tariffs

imposed on aircraft and aircraft parts set forth in Annex II (Part B), and (ii) on August 1, 2025, as to the modifications to tariffs imposed under Proclamation 10908, as amended, for automobiles and automobile parts as set forth in Annex II (Part A).

SUPPLEMENTARY INFORMATION:

I. Background

On August 21, 2025, the United States and the European Union (EU) announced that they had agreed on a Framework on an Agreement on Reciprocal, Fair, and Balanced Trade (Framework Agreement) (<https://www.whitehouse.gov/briefings-statements/2025/08/joint-statement-on-a-united-states-european-union-framework-on-an-agreement-on-reciprocal-fair-and-balanced-trade/>). The Framework Agreement represents a concrete demonstration of the United States and EU's commitment to fair, balanced, and mutually beneficial trade and investment. The Framework Agreement reflects acknowledgement by the EU of the concerns of the United States and our joint determination to resolve trade imbalances and unleash the full potential of our combined economic power.

The Framework Agreement provides that the United States will apply only the most-favored nation (MFN) tariff to certain goods of the EU including unavailable natural resources (including cork), all aircraft and aircraft parts, and generic pharmaceuticals and their ingredients and chemical precursors. The Framework Agreement also provides that the United States will take certain steps to reduce the tariffs on automobiles and automobile parts that are products of the EU when the EU formally introduces the necessary legislative proposal to enact the EU tariff reductions called for by the Framework Agreement.

In Executive Order 14346, President Trump determined that it is necessary and appropriate to take steps contemplated in certain current and forthcoming trade and security framework agreements between a foreign trading partner and the United States and that any modification of tariffs required to implement such

framework agreements is necessary and appropriate to deal with the national emergency declared in Executive Order 14257 of April 2, 2025, Regulating Imports with a Reciprocal Tariff to Rectify Trade Practices That Contribute to Large and Persistent Trade Deficits and to reduce or eliminate the threats to national security found in Proclamation 9704 of March 8, 2018, Adjusting Imports of Aluminum Into the United States, as amended; Proclamation 9705 of March 8, 2018, Adjusting Imports of Steel Into the United States, as amended; Proclamation 9888 of May 17, 2019, Adjusting Imports of Automobiles and Automobile Parts Into the United States, as amended; and Proclamation 10962 of July 30, 2025, Adjusting Imports of Copper Into the United States. In Executive Order 14346, President Trump also determined that it is necessary and appropriate to implement the tariff modifications described in the Framework Agreement and that such modifications are necessary and appropriate to deal with the national emergency declared in Executive Order 14257 and to reduce or eliminate the threat to national security found in Proclamation 9888.

Executive Order 14346 also directed and authorized the Secretary of Commerce (Secretary) and the United States Trade Representative (Trade Representative) to determine whether the United States must take any action to implement a framework agreement and whether any condition or conditions to such action have occurred or will occur, and to take the necessary and appropriate actions to implement a framework agreement. It also directed and authorized the Secretary, the Secretary of Homeland Security, and the Trade Representative to take all necessary action to implement and effectuate that order and any actions taken under section 3 or section 4 of that order to employ all powers granted to the President as may be necessary to do so. That Executive Order also authorized the Secretary and the Trade Representative, in consultation with the Commissioner of U.S. Customs and Border Protection (CBP) and the Chair of the United States International Trade Commission (USITC), to determine whether modifications to the Harmonized Tariff Schedule of the United States (HTSUS) are necessary to effectuate that order and to make such modifications through notice in the **Federal Register**.

Consistent with Executive Order 14346, including the Potential Tariff Adjustments for Aligned Partners (PTAAP) Annex appended thereto, in order to implement certain tariff-related

elements of the Framework Agreement, the Secretary and the Trade Representative have determined that products of the European Union contained in the PTAAP Annex and provided in Annex I to this notice shall be exempted from the reciprocal tariff imposed by Executive Order 14257, as amended. Aircraft and aircraft parts shall also be exempted from the tariffs imposed by Proclamation 9704, as amended; Proclamation 9705, as amended; and Proclamation 10962. Accordingly, the HTSUS is modified as provided for in Annex II (Part B) to this notice with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after September 1, 2025.

The Secretary and the Trade Representative have also determined that the EU has formally introduced the necessary legislative proposal to enact the tariff reductions called for by the Framework Agreement. Accordingly, the Secretary and the Trade Representative, in consultation with USITC and CBP, are amending the HTSUS to remove tariffs imposed on automobiles and automobile parts under Proclamation 10908 (Adjusting Imports of Automobiles and Automobile Parts Into the United States), as amended (Proclamation 10908), with respect to products of the EU if the MFN tariff on such articles is 15 percent *ad valorem* or higher; if the MFN tariff on an article subject to Proclamation 10908 is lower than 15 percent *ad valorem*, the tariff imposed under Proclamation 10908 is reduced to result in a combined tariff rate of fifteen percent *ad valorem* (comprised of the MFN tariff and the reduced tariff imposed under Proclamation 10908). In accordance with the Framework Agreement, the HTSUS is modified as set forth in Annex II (Part A); these tariff reductions are effective for goods entered for consumption, or withdrawn from warehouse for consumption, on or after August 1, 2025.

Executive Order 14346 provides that the Secretary and Trade Representative, in consultation with other officials, are to continue to monitor the conditions underlying the national emergency declared in Executive Order 14257, update the President on the status of these conditions, inform the President of any circumstance that, in their opinion, might indicate the need for further action, and recommend additional action that, in their opinion, will more effectively deal with that emergency. Accordingly, the list of

products contained in the Annexes to this notice may be amended.

William Kimmitt,

*Under Secretary for International Trade,
United States Department of Commerce.*

Jennifer Thornton,

*General Counsel, Office of the United States
Trade Representative.*

Annex I

Note: All products of the European Union that are properly classified in the provisions of the Harmonized Tariff Schedule of the United States (HTSUS) and adhere to the identified scope limitations that are listed in this Annex are exempted from duties imposed by Executive Order 14257, as

amended. The product descriptions that are contained in this Annex are provided for informational purposes only, do not supersede the text of the HTSUS, and are not intended to delimit in any way the scope of the action, except as specified below. Only items that are properly classified in the listed provisions of the HTSUS and adhere to the identified scope limitations are eligible to be exempted from the tariff action imposed by Executive Order 14257, as amended. Any questions regarding the scope of particular HTSUS provisions should be referred to U.S. Customs and Border Protection. In the product descriptions, the abbreviation “nesoi” means “not elsewhere specified or included”.

Notes on certain HTSUS provisions for which only a portion of the provision is

covered in this Annex, as provided in the “Scope Limitations” column:

- A subheading marked with “Ex” is defined and limited by the product description.
- A subheading marked with “Aircraft” includes only articles of civil aircraft (all aircraft other than military aircraft); their engines, parts, and components; their other parts, components, and subassemblies; and ground flight simulators and their parts and components, that otherwise meet the criteria of General Note 6 of HTSUS, regardless of whether a product is entered under a provision for which the rate of duty “Free (C)” appears in the “Special” sub-column.
- A subheading marked with “Pharma” includes only non-patented articles for use in pharmaceutical applications.

Initiation of Antidumping and Countervailing Duty Administrative Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) has received requests to conduct administrative reviews of various antidumping duty (AD) and countervailing duty (CVD) orders with August anniversary dates. In accordance with Commerce’s regulations, we are initiating those administrative reviews.

DATES: Applicable September 25, 2025.

FOR FURTHER INFORMATION CONTACT: Brenda E. Brown, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482–4735.

SUPPLEMENTARY INFORMATION:

Background

Commerce has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various AD and CVD orders with August anniversary dates. All deadlines for the submission of various types of information, certifications, comments, or actions by Commerce discussed below refer to the number of calendar days from the applicable starting time.

Respondent Selection

In the event that Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, Commerce intends to select respondents based either on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of review (POR) or questionnaires in which we request the quantity and value (Q&V) of sales, shipments, or exports during the POR. Where Commerce selects respondents based on CBP data, we intend to place the CBP data on the record within five days of publication of the initiation notice. Where Commerce selects respondents based on Q&V data, Commerce intends to place the Q&V questionnaire on the record of the review within five days of publication of the initiation notice. In either case, we intend to make our respondent selection decision within 35 days of the **Federal Register** publication of the initiation notice. Comments regarding the CBP data (and/or Q&V data (where applicable)) and respondent selection should be submitted within seven days after the placement of the CBP data/submission of the Q&V data on the record of the review. Parties wishing to submit rebuttal comments should submit those comments within five days after the deadline for the initial comments.

In the event that Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act), the following guidelines regarding collapsing of companies for purposes of respondent selection will apply. In general, Commerce has found that determinations concerning whether particular companies should be “collapsed” (e.g., treated as a single entity for purposes of calculating AD rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses at the respondent selection phase of the review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of the AD proceeding (e.g., investigation, administrative review, new shipper review, or changed circumstances review). For any company subject to the review, if Commerce determined, or continued to treat, that company as collapsed with

others, Commerce will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, Commerce will not collapse companies for purposes of respondent selection.

Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed. Further, if companies are requested to complete the Q&V questionnaire for purposes of respondent selection, in general, each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of the proceeding where Commerce considered collapsing that entity, complete Q&V data for that collapsed entity must be submitted.

Notice of No Sales

With respect to AD administrative reviews, we intend to rescind the review where there are no suspended entries for a company or entity under review and/or where there are no suspended entries under the company-specific case number for that company or entity. Where there may be suspended entries, if a producer or exporter named in this notice of initiation had no exports, sales, or entries during the POR, it may notify Commerce of this fact within 30 days of publication of this initiation notice in the **Federal Register** for Commerce to consider how to treat suspended entries under that producer’s or exporter’s company-specific case number.

Deadline for Withdrawal of Request for Administrative Review

Pursuant to 19 CFR 351.213(d)(1), a party that has requested a review may withdraw that request within 90 days of the date of publication of the notice of initiation of the requested review. The regulation provides that Commerce may extend this time if it is reasonable to do so. Determinations by Commerce to extend the 90-day deadline will be made on a case-by-case basis.

Deadline for Particular Market Situation Allegation

Section 504 of the Trade Preferences Extension Act of 2015 amended the Act by adding the concept of a particular market situation (PMS) for purposes of constructed value under section 773(e)
